Re: Western Sand & Gravel Site

Dear Brian:

You have requested that I provide you with a list of PRPs that are participating in the Western Sand & Gravel Group. I have not conducted a formal survey of the PRPs to determine their respective interest in participating in Group activities or settlement of this matter. Nevertheless, based upon attendance at the PRP Group meetings and communications that I have received from various PRPs, I estimate that there are at least 35 PRPs that can fairly be characterized as members of the PRP Group.

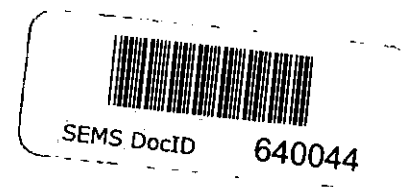

Enclosed is a copy of EPA's most recent PRP list. I have checked those PRPs that, based upon my information, support the PRP Group activities. I am in the process of preparing an updated contact list for all participating PRPs and will provide you with a copy within the next week.

Very truly yours,

Gregory L. Benik
